

# Year 1 – Autumn 2 – People

Key Words	Definitions	
glass	Glass is a man-made material that is usually transparent and fragile.	
mammal	A mammal is an animal that breathes air, has a backbone, and grows hair at some point during its life.	     
metal	Metal is a man-made material which is hard and shiny.	
plastic	Plastic is a man-made material that can be moulded and shaped into different things.	
waterproof	A waterproof material is something that keeps the water out. For example wellington boots are waterproof.	
wood	Wood is a hard natural material taken from trees.	

Stick Man leaves the family tree and sets out on an adventure across the seasons in the hope of being back for Christmas.

Once there was a baby in the house – and to that baby, Mum, Dad, John, Jill and Uncle Tom were giants. But little by little that baby grew
