

Beckfoot Heaton SEND Information Report

September 2026

At Beckfoot Heaton, our main aim is to promote high expectations and raise standards of achievement across all areas of the school, delivering equality of opportunity and inclusion to every child, in a happy, purposeful, caring environment, ensuring that no child is left behind.

Four Areas of SEND

Areas of Need Special Educational Needs are broadly grouped into four primary areas, within these areas there are many different descriptors of need and a wide range of provision which may be needed. At Beckfoot Heaton every child is considered as an individual and provision is arranged on this basis.

- Communication & Interaction
- Cognition & Learning
- Social, Emotional and Mental Health
- Sensory and Physical needs

The Bradford Local Offer gives further elaboration.

We achieve these aims by:

Implementing the Assess, Plan, Do Review cycle:

- **Assess** a child's level of need using a range of tools.
- **Plan** any adaptations or changes and/or additional or different provision necessary to meet the identified need/s and remove barriers to a child's learning and participation.
- **Do** – the teacher working closely with teaching assistants and/or SENDCO, Inclusion Support Leaders, Quality of Education Leaders, Specialist Teachers, this planning is applied in the classroom.
- **Review** the effectiveness of these planned strategies and provisions at removing identified barriers to the child's learning and participation through continuous monitoring, by the teacher, with teaching assistant, SENDCO, Inclusion Support Leaders, Quality of Education Leaders and Specialist Teachers.

Children with SEND follow the same process, adapted to their additional needs and the increased level of advice and support they may need to meet their outcomes. Provision is based on the SEND Guidance from Bradford MDC Department of Children's Services – The matrix of need.

[Bradford SEN Matrix - Version 2 3 - January 2026.docx](#)

Children with SEND, assessed beyond SEND Support, at Beckfoot Heaton K3, may be on an Education Health Care Assessment pathway, an Education Health Care Plan, or be allocated to specialist provision/setting.

Our SEND implementation document on the following page details how we support children with identified SEND needs.

Graduated level of need	Teacher responsibilities	Inclusion Team responsibilities	Referral and partnerships
M Monitoring Undiagnosed need in a child identified as academically 'vulnerable'	- Effective UD in place - Simple Model of Teaching in place - Identify need / share concerns with Inclusion - Listen to parents / share concerns - At Data Driven points add at 'M' and child becomes 'rocket' child. - Recipe cards – RAG strategies - Provision map – recording / RAG provisions (adult/day/time) - Use SEND reg to consider seating	- PPA and planning support - In class modelling - Examples of resources - Assessments and sharing outcomes with teacher/parents - Monitoring and identification - Inclusion add child to SEND reg or move back to NO SEND - Provision Mapping - QA of UD and provision	- Parent and teacher - Quality of Education Leader - Clinical Lead Practitioner - Attendance Officer - Designated Safeguard Lead - Children's Social Care (CSC) - Early Help
K1 Diagnosed needs Iriens/VI/H/Dyslexic tendencies/Dyscalculic tendencies/ Dyspraxia /ADHD/ODD/ASD, physical difficulties and health needs The child will be on track to meet EOY expectations.	- SEND register referral completed and signed – teacher/parent (A child CANNOT go on the SEND register without signed consent) - Follow recommendations from professionals/Inclusion - Consider access to all trips and school activities	- Provide specific resources to meet a 'diagnosed' need e.g. Iriens overlays, large print texts/books - Provide support to staff re provision delivery - SEND reg -support parent meeting - Inclusion (HCSW) to support with trip planning	- Social, Communication, Interaction & Learning Team (SCIL) - Hearing Impairment Team (HI) - Visual Impairment Team (VI) - Physical and Medical Team (P&M)
K2 Universal Offer (UD+) may be required to provide 'top up' to support children to access universal offer in the classroom) The child will be up to 2 yrs behind	Adaptations in class to the UD to support the child.	Further assessments	SENIF (EYFS)
K3 Universal Plus Support with graduated intensity UD+ to complement the Universal offer The child will be up to 4 years behind	- To support inclusion with referrals e.g. Paediatrics, Speech and Language (SALT) and Child, Adolescent Mental Health (CAMHS) and Educational Psychologist - Write ISPs and meet parents to share - EYFS – track progress using Developmental Journal & (Autism Education Trust when directed)	- Referrals to external agencies: Paediatrics, SALT, CAMHS and Educational Psychologist - Arrange and organise external agency visits - Update SEND information on ISPs - ISP writing support - ISP meeting support - SENDCO directed provision delivered by Inclusion - Team Around the Child TAC - Provide sensory opportunities	- Speech and Language (SALT) - Paediatrics / Child Development Centre - CAMHS - Educational Psychologist (EP) - Emotional Based School Avoidance (EBSA) - Education based Emotional Wellbeing Practitioners (EEWP / EP Team) - Partnership Plans – school led - Pamela Sunter Centre
K4 - EHCA Universal Plus Support with further graduated intensity UD+ to complement the Universal offer	- To support inclusion with EHCA information - Follow directed strategies from inclusion	- Create an individual timetable meeting SEND needs (22+ hrs a week 2:1 support evidence for EHCP) - Collate EHCA evidence and add to portal - SENDCO to respond to consultations - SENDCO to submit EHCA on portal - Support parent visits to settings	- SENDCO to liaise with Bradford SEND - SENDIASS
E1 EHCP (child making at least expected progress)	Fulfill Section F of the EHCP as directed by Inclusion on Provision Map (Green UD / Yellow UD+ / Pink Inclusion / Red CANNOT meet need/provision)	SENDCO to ensure EHCP Sections B, F & E are being fulfilled.	Trust Special School settings – support
E2 EHCP Additional monitoring (child not making expected progress)	Write and RAG EHCP pathway at 3 points across the year	Inclusion to RAG EHCPs section F to show how provision can be met through UD / UD+ / UD++	Mediation Teams re EHCPs and agree to assess or not / content
E3 EHCP Additional Professional Support	- Support with EHCP annual review information - Attend EHCP annual review meeting and contribute	- Support staff with EHCP Pathways - Organise / chair EHCP annual review - Submit EHCP annual review paperwork in 10-day timeframe	- Tribunal Lawyers - PTS (Pupil Transport Service)
K4 EHCP Consultation / Not meeting need		- Submit EHCP annual review with request to consult other placements (RP/Specialist) - Inclusion to support at Tribunals	
EHCP UD++ EHCP requiring bespoke provision	- Deliver the UD for UD++ provision - Sensory profiles	QA provision and offer support	Dynamic support registers (DSR), Care (Education) and Treatment Reviews (CJE)TR (CSC/SW led)

Question	Response				
What types of SEND do pupils have in your school?	Students at Beckfoot Heaton have a range of difficulties within four main areas: Cognition and Learning, Communication Interaction, Social, Emotional and Mental Health and Sensory and/or Physical needs.				
	See table below:				
	Prime main Need:	No of students:	Percentage of SEN:	Percentage of school:	No of students with an EHCP (PRIME need)
	Speech, Language and Communication (Including ASD)	104	53%	15%	23
	Cognition and Learning	35	19%	5%	1
	Social, Emotional and Mental Health	41	21%	6%	3
	Sensory/Physical need (including Visual and Hearing)	12	7%	1%	3
TOTAL	192		27%	30	
(Correct as of September 2026 2-Year Nursery to Year 6)					

How does this school identify children who may have SEND?	The SEND Code of Practice: January 2015 states: A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. A child of compulsory school age or a young person has a learning difficulty or disability if he or she: has a significantly greater difficulty in learning than the majority of others of the same age, or has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.
--	---

The needs of children with SEND may be long standing and have been identified by parents, health or education practitioners prior to admission to Beckfoot Heaton.

Special Educational Needs and Disabilities may also become evident to teachers and school staff who recognise that, despite receiving adapted, appropriate learning opportunities, bespoke provisions or nurture support, levels of attainment are very low and/or little or no progress has been achieved. Class teachers and/or members of the Inclusion Team will then ask parents/carers and any other agencies involved to meet, share information and plan any needed support.

Parents are always welcome ask for an appointment to discuss any concerns about their child with the class teacher and/or a member of the Inclusion Team.

The SEND Code of Practice categorises SEND needs in the following four areas; Cognition and Learning, Communication and Interaction, Social, Emotional and Mental Health and Sensory and/or Physical.

If a concern around a special educational need is highlighted (by either an adult in school or a parent/carer), the following process is followed to ensure that the child accesses the support and provision needed to maximise their chances of achieving their potential:

- The concern is shared with the SENDCO and the Inclusion Team. Subsequent observations, in-house assessments and or further conversations with parents may take place to further understand and identify the needs.
- The child may be placed on a 'monitoring' list for a time whilst specific targeted classroom support and or assessments are implemented.
- If/when appropriate, a referral is made with the parent/carer to place the child on the Special Educational Needs register on an appropriate level according to their need from K1, where a child has a diagnosed need but is attaining well, to K3 where it is deemed necessary for the child to receive increased support with graduated intensity.
- For those children on the SEN register at K3 or higher, an Individual Support Plan (ISP) is produced demonstrating provisions in place, outside agency involvement/referrals and SEND assessment information is shared with parents.
- As part of the graduated approach (assess, plan, do, review), the ISP will be a working document which is regularly reviewed, updated and shared with parent/carer at least 3 times a year.

How do you evaluate provision?	Once a potential SEND need has been identified, Beckfoot Heaton will employ the graduated approach to meeting the pupil's needs by: • Establishing the pupil's needs through 'in-house' assessments and referrals to external agencies where necessary. • Sharing, reviewing and planning, with the pupil's parents/carers, the provisions and support to be put in place, as well as the expected impact on progress, development and behaviour, along with a clear date for review. • Implementing the provisions, with the support from the SENDCO, Inclusion Team and involved professionals. • Reviewing the effectiveness of the interventions and making any necessary changes. Regular learning walks are carried out by the SENDCO and Leaders in school to ensure that the appropriate provision is in place for all students with a special educational need. Data Driven planning occurs at three points across the school year. SEND data and the impact of provisions is analysed to ensure effective practice is in place, and children are making expected progress of higher. Where this is not the case, children are discussed and adaptations made if necessary. Depending on the area and the level of need, this provision may vary.
---------------------------------------	--

How do you check and review the progress of my child and how will I be involved?	At Beckfoot Heaton, parents/carers are always welcome to make an appointment to discuss their child's progress with the class teacher and/or a member of the Inclusion Team. Effective partnership with parents is paramount to ensure the continuing development of each child. Our SEND Intent places the child and family at the core. The progress of every child is tracked at three points across the year, parents/carers and children are involved in reviewing progress, through written reports and parent meetings. There are a number of ways that children with special educational needs will be assessed every term depending on their need: • Children working within their year group expectations will be assessed as part of the whole school assessment method. • Children working below age related expectations will be assessed using the end of year expectations for the year group that they are working within. • Children working in the key stage below will be assessed against the pre-key stage standards (PKSS). • Bespoke professional assessments will be requested by the SENDCo as required e.g. Autism team/ Speech and Language/ Dyslexia/ ADHD etc. Parents/carers of children who are not making expected progress are invited to meet class teachers, sometimes alongside Leaders or members of the Inclusion Team, to discuss the areas of challenge and barriers, to agree on how home and school can work together to achieve the outcomes set.
	Children with an ISP are regularly reviewed, and progress and provisions are shared with parents/carers (at least three times a year). At these times, there is an opportunity for parents/carers to contribute to the review. These are led by the class teacher in consultation with the child, parents/carers, members of the Inclusion Team and any other agencies involved. The Inclusion Team are responsible for organising the Annual Review of the Education Health and Care Plans and meetings to involve other agencies in supporting children and their families. All children with an EHCP have an EHCP pathway to track the progress they are making towards the targets outlined in section E of the EHCP.

How do teachers support pupils with SEND?	High Quality teaching: ‘Special educational provision is underpinned by high-quality teaching and is compromised by anything less.’ (SEND Code of Practice January 2015, p25) The Class Teacher is the first point of contact for parents/carers and is responsible for quality first teaching, day to day adaptive planning, adaptive teaching and delivery of the appropriate curriculum to meet the needs of all the children in the class. Teaching Assistants are allocated to each year group and are deployed as needed to meet the year group needs. Special Educational Needs Teaching Assistants are allocated across school according to need. Additional support may be short term, for a number of weeks to overcome a particular issue, or longer term for more complex needs. Provision in this area is continually reviewed and developed to meet the needs of our SEND children; support could be a visual timetable, access to a timetabled individual workstation in the classroom, small group work, an individualised programme such as additional phonics, Special Educational Needs Teaching Assistant led provisions such as pre-teaching, Individual Support Plan (ISP) targeted learning or Lego Therapy, in-school Speech Therapy, ‘in-house’ SEND assessments and advice and support from the external agencies we maintain close links with, or specialised furniture/equipment. Children who have needs identified as ‘SEND Support’ (K3) or above from the Bradford Matrix of Need, or have an Education, Health and Care Plan, may be supported in small group or one to one work by a range of school staff including Teachers, Teaching Assistants, Special Educational Needs Teaching Assistants, Inclusion Support Leaders, Learning Mentors and accredited volunteers. The children may access provision in the Elm Classes, Forest school or Evergreens to support achieving their outcomes. The Inclusion Team work with teaching staff to ensure the provision for all children with SEND, in or out of the classroom, meets their individual needs. They are responsible for liaising with other involved agencies, advising school staff and overseeing the support and progress of children with SEND across the school. School have SEND ‘recipe cards’ which staff use to understand specific SEND needs; these provide research-led strategies to support the child. Specific support plans for children are shared with appropriate staff to ensure children are well supported and their needs met.
--	--

How will the curriculum be matched to my child's needs?	Within all lessons, the learning tasks are structured and scaffolded to ensure that children make good progress whatever their needs or ability. At Beckfoot Heaton we implement a 'Teach for all' approach and use strategies appropriate to meet needs. Children with SEND may use enhanced resources and scaffolds or have additional adult support in small groups or one to one, to enable them to achieve their specific outcomes. Children identified as 'SEND Support' (K3) and above on the Bradford Matrix of Need have an Individual Support Plan (ISP), outlining the overview of the child's SEND needs, external support over time, current external agency involvement and information regarding provisions in place to meet their needs including targets for Speech and Language if appropriate. The outcomes for children with an Education, Health and Care Plan are set through the formal process of Statutory Assessment and Annual Review. Children with an Education Health Care Plan also have an EHCP Pathway to support the end of key stage outcomes outlined within the plan in Section E. Advice and support from other health and educational professionals involved are incorporated into the ISPs and Learning Pathways. Some children with an Education, Health and Care plan may access alternative provisions to meet their specific needs such as the Elm Class, Evergreens and specific provisions led by our Health Care Support Worker such as Physiotherapy.
--	--

How accessible is the school environment?	Beckfoot Heaton is built on a mainly flat site, with level access from the outside on all main doors. There are two short flights of stairs between Key Stage 1 and 2, one of which provides access for wheelchairs by means of a ramp and we have a lift located at the other side. A small mezzanine area is not accessible by those who are unable to climb stairs. Outside spaces have ramped paths enabling ease of access to all areas. Our Forest School woodland has a DDA (Disability Discrimination Act) compliant pathway enabling access to much of the area, even in wet weather. We may make further reasonable adjustments to ensure school is accessible for children and parents and carers. (See accessibility plan) https://www.beckfootheaton.org/wp-content/uploads/sites/3/2025/11/HEA-Accessibility-Action-Plan-2.pdf We have a hygiene room with a shower, adjustable changing bed and ceiling hoist and two further disabled toilets. Children are supported in their use of these facilities by key adults, to minimise the child's dignity or discomfort. A Health Care Support Worker and school health carer and several first aiders are available throughout the day. We also have a mobile hoist which is used to support children in different areas of school. Children with SEND may have additional access to facilities for example in the Woodlands for Nurture provision or the 4D space to help develop language skills.
How is additional support allocated and	The school year is divided into cycles comprising of blocks of 13 weeks. At certain points of the cycle teachers in the school review the progress of children in their class. Following these progress meetings teachers and leaders identify how resources should be allocated to

matched to children's special educational needs?	improve the progress of certain groups or individuals. This may take a variety of forms to support needs under one or more of the following headings: cognition and learning, communication and interaction, social, emotional and mental health and sensory and physical. The school receives funding through the Pupil Premium Grant, (element 2), for children who are eligible, and this funding is allocated in a responsive way to purchase resources, staffing and additional provision to help children make progress. If a child has an Education, Health and Care Plan then additional money is allocated to ensure that strategies listed in the EHCP are put in place. For example, this may be to fund additional staff time to deliver daily speech and language programmes or to buy equipment for children with physical needs.
How will my child be included in activities of the school, including school trips, extracurricular clubs etc?	All school activities on site and school visits are planned with consideration to the need of the specific group of children involved. Provision at clubs such as homework, film, sports, music is adjusted to enable all to children to participate. Risk assessments are carried out and procedures put in place to enable all children to participate safely. The needs of individual children may be covered by a separate risk assessment prepared in consultation with parents, the Inclusion Team and appropriate advisory agencies.

What support will there be for my child's overall well-being?	At Beckfoot Heaton, we aim to provide an emotionally secure environment to help and support all the children and their families. Every child's well-being is at the heart of everything that we do. Relationships with class teachers are a priority and children know who they can speak to if needed. Reasonable adjustments are made to ensure that all children feel valued, safe, secure and happy in class. Strategies to develop the emotional and social wellbeing of the children are integrated into all aspects school life and the curriculum and all staff are involved in identifying signs of anxiety or social, emotional and behavioural needs. As a school we deliver the My Happy Mind programme, The Story Project and empathy work to support children's emotional well-being. Out of school hours activities are adapted for children with Special Educational Needs and Disabilities (SEND) to ensure they can participate fully and are supported by Inclusion staff if necessary. SEND children may have extra provision to help achieve outcomes, for example Nurture time in the woodland or time in the 4D space to develop language skills. Staff support families in understanding children's needs and putting strategies in place to make a difference and meet agreed outcomes. Each child with identified Special Educational Needs and/or Disabilities at SEND Support and above, have an Individual Support Plan detailing the provisions that will be accessed to support the child's development. Where appropriate, the school works with external agencies to seek advice and support for what actions we should take. At other times we may make referrals to these agencies so that additional support can be put in place.

Who can I contact for further information?	Who can I contact for further information? Davina Blanshard-Jones – Acting Deputy Head/SENDCo – 01274 363070 Louisa Sugden– Assistant Head for Safeguarding and Families – 01274 363070 Claire Light – Assistant Head Outcomes and Standards and Behaviour – 01274 363070 Jess Green – Health Care Support Worker – 01274 363070 SENDIASS Bradford SENDIASS Barnardo's (barnardos.org.uk) Bradford Local Offer Bradford Local Offer SEND Provision in Bradford
---	---

What training have the staff supporting children and young people with SEND had or are having?	Staff at Beckfoot Heaton undertake continuous professional development based on the requirements within their role, whole school outcomes or specific needs of individual children or groups of children. Examples of recent training focused on the needs of children with SEND are: • Training to support children with Autism and Social Communication difficulties • Training to support children with Down Syndrome – Pamela Sunter Centre • PACE training from SCIL Team • Precision teaching to support children with learning needs • Alphabet Arc to support children with learning needs • Blank Level questioning • Inclusive classrooms • Least intrusive intervention strategies • Self-regulation • Relational development
---	--

	• Colour Coding to support language development and learning needs • Ongoing professional dialogue with external agencies • Lego therapy to support children with communication or social, emotional or behavioural needs • Manual handling training to support children with physical difficulties • Hoisting training • Catheter training • Diabetes awareness and training • Epilepsy awareness and training • Allergy and Anaphylaxis training – Linked to Benedict’s Law • Speech and Language training to support learning for all children with additional needs such as Blank Levels and Makaton • Specific training from the nursing team to meet the needs of children with medical needs • The sharing of good practise and expertise across the TRUST schools for example SEND support from Special Schools
What happens if my child needs specialist equipment or other facilities?	At Beckfoot Heaton, we work closely with a wide range of external professionals and organisations. We also have a Health Care Support Worker, employed through the NHS, who works closely with identified children and families, ensuring that Health Care plans are accurate and medical needs are met, including working with Bradford Physical and Medical Team and external medical professionals, seeking advice and resourcing appropriate, necessary equipment.

How are parents/carers involved in discussions about and planning for my child's education, including advising how to support my child's learning?	At Beckfoot Heaton, parents/carers are always welcome to make an appointment to discuss their child's progress with the class teacher and/or a member of the Inclusion Team. Effective partnership with parents is paramount to ensure the continuing development of each child. We ensure this by: • Providing an annual report on their child's progress over the year • Involving parents in the review process (at least three times a year) for those children with an Individual Support Plan (ISP) • Supporting parents/carers during the Education Health Care assessment (EHCA) process. • Organising an annual review for those children with an EHCP • Discussions with parents/carers of students with SEND including meetings with the SENDCo, the Inclusion Team and Team around the Child meetings. • Meetings with the SENDCo
---	--

How will my child be involved in his/her own learning and decisions made about his/her education?	Where appropriate, children with SEND are consulted and involved in their education. This is done through a number of methods listed below: • Pupil voice questionnaires • Pupil voice interviews • Involvement in the 'Team around the child' – children know who their trusted familiar adults are • Direct work completed with external agencies
--	---

Who should I contact if I have a complaint about my child's SEND provision?	In the first instance, the following members of staff should be contacted: • the class teacher • the SENDCo or a Senior Leader If at this point, the complaint has not been resolved, Beckfoot Heaton's complaints procedure should be followed. It is in everyone's interests for complaints to be resolved as quickly as possible and the SEND complaint procedure follows the complaints policy which can be accessed in the policy section on the website. If the complaint refers to: a pupil who is undergoing assessment for an EHCP, or a decision not to issue an EHCP, or an EHCP, or disability discrimination, or social care or health The guidance in the SEND Code of Practice (2014) will be followed alongside Bradford's SEND systems and strategies. Please contact the office for further information or if you wish to make a complaint.
--	--

What specialist services and expertise are available at or accessed by the school?	The facilities and expertise of these agencies/services are available to meet the needs of our children and families: Specialist school staff for Inclusion comprise of: Assistant Head for Outcomes and standards, Assistant Head for Safeguarding and Families, Acting Deputy Head & SENDCo, Inclusion Support Leaders, Health Care Support Worker, Clinical Lead Practitioner for the Trust, Special Educational Needs Teaching Assistants (SENTAs), Family Administration Officer Child Protection Officer. The Inclusion Team work with a wide range of education, health and care services including: • Educational Psychologist • EEWP Team – Emotional Educational Well-Being Team • EBSA – Emotional Based School Avoidance Team • City of Bradford Department of Children’s Services Learning Support Services –Social Communication, Interaction and Learning Team (SCIL): • Autism Team, Cognition and Learning Team, Early Years Team and Social, Emotional and Mental Health Team. • Low incidence Teams: Hearing Impairment Team, Visual Impairment Team and Physical and Medical Team • Portage Team • Pamela Sunter Centre • Community Paediatricians

What services and support are there for parents and families of children with SEND?	Services and support for parents and families of children with SEND: General: • FYI Bradford – a free, impartial service offering advice, information and signposting to children, young people and families within the Bradford district. https://fyi.bradford.gov.uk/ • Bradford SENDIASS – for parents and carers of children and young people 0-25 with special educational needs and disabilities (SEND) in the Bradford area. https://www.barnardos.org.uk/what-we-do/services/bradford-sendiaass • TREACLE.ME – this website signposts to all the support that can be accessed in the Bradford area. https://www.treacle.me • AWARE – a parent-run group supporting families with children and young adults on the autistic spectrum (formal diagnosis not required) https://aware-uk.org/ • The Hub of Hope app – the UK’s leading mental health support database • CAMHS ((Child and Adolescent Mental Health Service) • The BREW project – a free service for children or young people (aged 5-17 years old to access a confidential and nonjudgemental one-to one support session via telephone, video call, face to face or walk-and-talk sessions.

How will the school prepare and support my child to join the school, or transfer to a new school or college?	Parents/carers and all pre-school children are invited to visit school several times prior to admission to familiarise themselves with the building, facilities and staff. Admission plans are made with parents and involved agencies for children who have previously been identified as having SEND. In the summer term, all children in school participate in transition events when they visit their new classrooms to work with their new teacher and teaching assistants where applicable. Transition conversations are held between appropriate teachers and leaders so more detailed information about the specific needs of the children can be passed on; the Inclusion Team are part of these professional dialogues when necessary. Children with SEND may require additional transition support and this will be planned in consultation with staff, parents and other agencies involved.
	Throughout Year 6, all pupils participate in a range of transition preparation activities and opportunities are available for members of staff to provide support to parents and carers when needed. We have firmly established links with local secondary schools: during the Summer Term they are invited to come into school to meet their new Year 7 pupils prior to the Local Authority Transition Day. The SENDCO also meets with all receiving secondary school SENDCOs to discuss individual needs to ensure a successful transition into Year 7. Additional support, visits and transition meetings, are planned for children with SEND as and when necessary.
Where can I find out about other services that might be available for our family and my child?	For further information about the Beckfoot Trust SEN and Disabilities Policy please click here. SEND Policy – Beckfoot Trust Details of the Local Authority's own Local Offer can be found at https://localoffer.bradford.gov.uk/kb5/bradford/directory/service.page?id=8mMoa97bxls&localofferchannel=0
My child has SEND, how do they get a place at your school?	The school is bound by the Bradford admission process which allocates places and offers advice regarding all admission and appeal related enquiries. School admissions follow the Fair Access Protocol and gives equal rights to all potential applications. For more information, visit The Admissions Team Bradford Schools Online. Contact the School Admissions team by email at schooladmissions@bradford.gov.uk Or telephone 01274 439200 for information or to book an appointment with Bradford Admissions staff – Monday to Thursday 8.30am to 5pm, and Fridays 8.30am to 4.30pm.
